

### A Racking Cough

Cured by Ayer's Cherry Pectoral.  
Mrs. P. D. HALL, 217 Genesee St.,  
Lockport, N. Y., says:

"Over thirty years ago, I remember hearing my father describe the wonderful curative effects of Ayer's Cherry Pectoral. During a recent attack of La Grippe, which assumed the form of a catarrh, soreness of the lungs, accompanied by an aggravating cough, I used various remedies and prescriptions. While some of these medicines partially alleviated the coughing during the day, none of them afforded me any relief from that spasmodic action of the lungs which would seize me the moment I attempted to lie down at night. After ten or twelve such nights, I was

### Nearly in Despair,

and had about decided to sit up all night in my easy chair, and procure what sleep I could in that way. It then occurred to me that I had a bottle of Ayer's Cherry Pectoral. I took a spoonful of this preparation in a little water, and was able to lie down without coughing. In a few moments, I fell asleep, and awoke in the morning greatly refreshed and feeling much better. I took a teaspoonful of the Pectoral every night for a week, then gradually decreased the dose, and in two weeks my cough was cured."

HERMAN W. STEVENS,  
WILLIAM H. ATKEN,  
JOHN HEYSEN,  
JOS. W. SELDEN,  
CORTIS FREDERSEN,  
Congressional Committee.

Dated, August 7th, 1894.

In conversation with T. H. Parkinson the other day he informed us that he is a candidate for nomination on the Republican ticket as representative to the State Legislature in this, the third district of St. Clair county. Mr. Parkinson has been a life-long Republican and ever since we have formed his acquaintance have found him working for the success of his party. We believe that should he receive the nomination and election he would represent this district with credit.

OSCE in a while—we should have said once in a great while, a man claiming to be a populist is found venting his spleen against the old parties, and his grievance, if he has any, usually simmers down to the fact that he is a disappointed and disgruntled office-seeker. A man who leaves his party on such grounds, should take the first excursion to the lake and conveniently fall overboard.

### Political Pointers.

John M. Robertson, of Clay, says he will be a candidate for the Republican nomination for representative in the second district this fall.

Sanilac county papers say that J. M. Gaige, of Crosswell, will be a candidate for the Republican senatorial nomination in the 20th district, Sanilac and Huron counties. Mr. Gaige would be popular as a candidate and we believe would prove a first-class legislator.

The Marine City Magnet says there is talk in that section of a division of St. Clair county. The trouble is that the people there do not get enough of the offices, or imagine they do not. The Magnet wants the scheme "talked up" before the election of supervisors takes place next spring.

The Republican congressional campaign committee consider President Cleveland's letter to Chairman Wilson, denouncing the Senate tariff bill, which has since been adopted by the House, an excellent campaign document. They have therefore ordered half a million copies of the Congressional Record containing the letter to be sent out as a campaign document.

The Detroit Journal publishes the following editorial paragraph: "The Republicans of Michigan have their eyes centered on the seventh congressional district. They feel that the time has now come for a Republican to represent that district in Congress. Is there any good reason under the sun why that should not go Republican this year? The Republicans of the seventh should 'get their skates on,' as Brother Turner says."

### A Successful Teacher.

We wish to tender our sincere thanks to Miss Florence M. Coughlan for her prompt attention to our school and scholars. During the last three school terms which she has taught here she has given entire satisfaction to all, and we feel that in losing her services our children suffer a loss which it will be hard to replace. We wish her every success in her new school in Port Huron. Thomas Brennan,  
Director of school district No. 4, Kenosha.

## STATE FAIR AT DETROIT.

The Great Exhibition Opens on Monday, September 10.

The forty-fifth annual fair of the Michigan State Agricultural Society will open on Monday, Sept. 10, on the grounds of the Detroit Exposition Company, and will continue until Friday, Sept. 21. This is the only general fair or exposition to be held in the state this year, and every effort is being made to have it excel all previous exhibitions in the history of the Society. The premiums aggregate \$13,000, and this amount of money will undoubtedly draw together the finest display representing the agricultural, horticultural, manufacturing, mining and household interests of Michigan that has been seen in years. Detroit manufacturers and merchants will make large and attractive exhibits. The live stock premiums have been greatly increased, and a magnificent display is assured. The races occur on Wednesday, Thursday and Friday of the first week, and on Monday, Tuesday and Wednesday of the second. There are three events on each day's racing card, and the purses aggregate \$4,500. Entries close Sept. 4. Bicycle races will take place on two days of the fair, the dates not yet having been fixed. The art exhibit is in charge of Prof. A. H. Griffith, director of the Detroit Museum of Art, and the finest collection of painting ever shown at a Michigan fair may be expected. There will also be special outdoor features, to be announced later, and, altogether, it will be the greatest exhibition Michigan people have seen for years. All the railroads will give half rates to Detroit during the fair, with still lower special excursion rates on certain days. Steamboat excursions will also be run from various lake and river points.
